ABOUT NIZINE

With over 15 years of experience in offering turnkey interior LED lights and energy saving solutions, Nizine has a strong foothold in UAE, covering customers all over the MENA region and beyond as well. We have a vast array of services including design, manufacture and supply of Interior fit outs, awnings, fabric architecture and exhibition stands. Design services include - engineering product design, packaging design, interior design, exhibition stand design, kiosk design and design of LED lighting products for indoor, outdoor, underwater and industrial applications. Moreover we cover new business setup services covering all related marketing and PR services.

At Nizine we create "one of a kind" architectural fabric structures and skylights that enhance your property and protect your outdoor spaces from the elements (rain, wind and snow). We specialize in custom small scale and modular fabric structures.

We have a proven process for building complex fabric structures using a network of independent consultants and manufacturers. We work directly with the client or through designers, engineers and contractors.

Our Works are given below

- Canopy Structure
- Car Parking Canopy Fabric
