BETHO
GARDEN BENCH

MODEL: GB-BETHO1-STLWD2025

PRODUCT INFORMATION

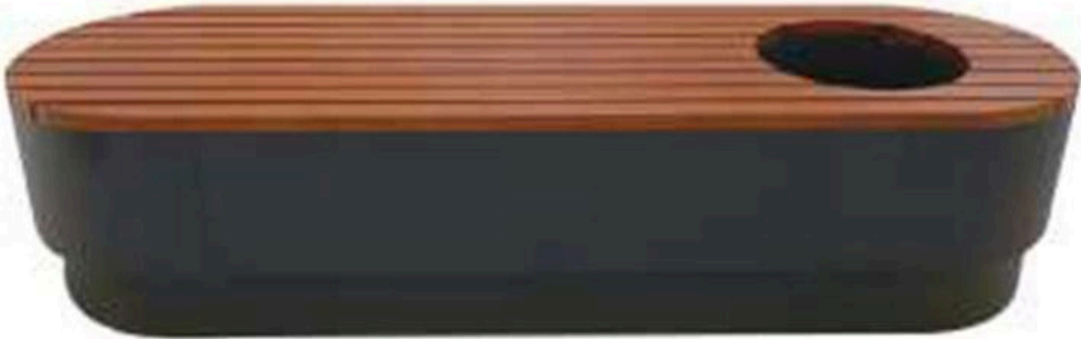

The park bench with planter is made of galvanized steel frame and camphor wood, which is rust-proof and corrosion-resistant. It can be used outdoors for a long time. The bench with planter is oval and sturdy. The most unique feature of this bench is that it comes with a flower pot, which provides a convenient space for flowers and green plants. Added bench landscape effects. The bench is suitable for outdoor places such as parks, streets, courtyards, and other outdoor public areas.
