## PRODUCT INFORMATION

The IBIS seat is made of two solid legs made of 50/10 thick steel sheet. At the base of the legs, plates are welded with two 10mm holes for ground fixing with suitable bolts. The seats are made of exotic wood slats treated with natural waterproof oils.

The main features of the seat are the two wood slats of different size ( width 80mm and 160mm ) placed in the front and in the rear. All the steel parts are then cold galvanized and polyester powder coated.

**APPLICATION** Outdoor
